

AMPA COVID-19 Safety Protocols
August, 2022

The health and safety of AMPA Annual Conference, AGM and Awards Gala participants is a priority for AMPA. We ask for attendees' cooperation to help create a safer environment for all participants.

Prior to the event:

- If you are feeling unwell, are exhibiting symptoms of COVID-19, or have had close exposure to someone who has COVID-19, please **DO NOT ATTEND**.
- While not required, please consider completing an at-home rapid COVID-19 test (available free of charge at most pharmacies) before attending as a courtesy to the other attendees and presenters.

At the event:

- The venue will allow for reduced capacity indoors. Attendees can expect to have additional space at tables and in event spaces and are encouraged to practice social distancing whenever possible.
- Masks will be made available for those wishing to wear them.
- Attendees will be asked to attest that their COVID-19 vaccination is complete (minimum two doses of a COVID-19 vaccine approved by Health Canada) via an AMPA survey circulated prior to the event.

We continue to monitor the public health protocols in Alberta.. Any changes to programming or safety protocols will be communicated to registrants as soon as possible.
